

REMARKS

Thank you for the allowance of claim 3,4,6,8-12,27-29 and 37 which constitute all but one claim. As noted by the Examiner, and with gratitude to the Examiner for the careful review, claim 5 contained a nonsensical relationship of components.

Applicant has amended claim 5 and believes it is now also in condition for allowance.

Date: Nov 23/06

Respectfully submitted,

Sean W. Goodwin, #39568
